

Look better. Feel better.

(PICTURE)

A place where Health, Wellness and Beauty come together.

Functional Medicine. You've been to doctors. Had the tests. But they're not helping. You still don't feel good, and wonder why. Our medical professionals can help you find the answers. With functional medicine. It's a patient-centered approach that focuses on both the internal and external stresses in your life. You'll find out what's causing your ailment. So you can fix it. **Hormone Replacement Therapy** may be part of the cure. Call for a free consultation today.

Weight Loss. Overweight? Shed unwanted pounds. With a personalized weight loss program. You'll get regular body fat analysis and nutritional counseling. Along with nutritional supplement recommendations. So you can start feeling good again. Make the call. The consultation's free.

We also offer **Medical Aesthetics:**

- Photofacials
- Acne Treatments
- Laser Hair Removal
- Portrait Skin Regeneration
- Peels, Lifts, Facials and Image Lifts
- VelaSmooth™, VelaShape™ and Lipodissolve™
- Dermal Fillers: Restylane®, Juvederm®, Lipodissolve and Botox®
